

Caring for
you and
your
smile

Welcome

to The Dental House

At **The Dental House** we take the time to get to know you personally and find out what you would really like to achieve in terms of your dental care. We value each patient as an individual and we are proud of the services that we offer. All treatment is clearly explained and we involve you in all decisions and work at a pace to suit you.

Our goal is to offer each and every patient an experience that exceeds his or her expectations – combining excellent clinical skills and outstanding customer service, in an atmosphere that is warm, friendly and relaxed.

Nervous...there is no need

We appreciate that many people are nervous about going to the dentist. We try to help by creating a calming atmosphere to help overcome any apprehension that you may have. We understand and we are here to help.

Appointments

If you are unable to attend or need to change your appointment, 24 hours notice is required. We run an efficient appointment system and make all reasonable efforts for you to see the Dentist of your choice.

If you require written copies of policies
for infection control, complaints,
confidentiality, a copy of our privacy
policy, or a price list please contact
Reception on 01909 472477.

Patient Confidentiality

We take patient confidentiality
extremely seriously at The Dental
House and all personal information is
treated in the strictest of confidence.
No information will ever be released
to a third party without your express
permission or where required by law.
We have a strict confidentiality policy. To see
a copy of this policy or if you would like
further information regarding your
rights to view your patient
records please contact
our reception.

Complaints procedure

We aim to make your experience at The
Dental House as pleasurable as possible.
However should you have any complaints,
please contact Reception on 01909 472477
who will be able to deal with your complaint
and talk you through our procedure. Patients
who are violent or abusive to practice
personnel, to other patients or anyone else
on the practice premises will be refused
treatment and reported to the appropriate
authorities.

Patient services

We provide Private Care Plans for all adults
who have to pay for their treatment, tailoring
packages to best suit their individual needs.
All children are seen through the NHS and
also all adults who qualify for free treatment.
We do refer patients if they require orthodontic
treatment, sedation or general anaesthetics
and also for implant surgery. For patients
who have difficulty accessing the practice
we have disabled access to allow for wheel
chair use and available downstairs surgeries.
Our dentists speak English. If you require an
interpreter this can be arranged.

Our Team

Dr Ian Rogerson BDS

GDC No. 67280 registered 30/12/91

Ian qualified from Sheffield University and came to work in Worksop in 1993. He enjoys all aspects of general Dentistry with an emphasis on preventative family care.

GDC No. 107733

Samantha Walker – Dental Nurse,
Radiographer & OHE, GDC No. 120025

Jade Bonser – Receptionist,
GDC No. N/A

Smile Enhancement

From one tooth to a full smile makeover... from recreating a natural look to giving you a Hollywood smile... Here at The Dental House we can help you achieve the smile you have always wanted.

Crowns & Bridges

We can cover unsightly teeth using crowns. Spaces between teeth can be filled using bridgework either attached to crowns or by using the latest adhesive dentistry. With the new ceramic technology available, crowns and bridges are more and more tooth like and the black lines around the gum margins are less likely to occur.

Veneers

Provide a wafer thin mask to hide discolouration on teeth and close unsightly gaps with little or no work being needed on the tooth itself.

Natural coloured fillings

Unsightly mercury fillings can now be replaced by natural coloured fillings to improve the look of your smile.

Tooth Whitening

Tray systems are available to transform your stained or discoloured teeth.... giving you back a whiter, brighter smile.

Dentures

Are your dentures looking tired and worn? Do they look too much like false teeth? We can replace them using quality, natural looking teeth and materials, giving you the choice of a more natural look.

The importance of dental hygiene

There is now increasing evidence linking gum disease with heart disease, diabetes and strokes. It is also the main reason for loss of teeth and we take the treatment of gum disease very seriously. Our dental hygienists have three main roles:

- Removing calculus (tartar) from teeth - this is done by a technique called scaling and polishing.
- Treating gum disease (also known as 'gingivitis' or 'periodontal disease') - this is caused by plaque which is a sticky film of bacteria. If left untreated your gums will start to swell and bleed and will ultimately result in tooth loss. Tooth loss is not through age - it is because of gum disease.
- Teaching patients good oral hygiene techniques individually tailored to specific needs.

Payment for your treatment

Payment can be made by cash, cheque or credit card. Payment is required on treatment completion.

We also offer Dental Care Plans at the practice. For example a monthly fee will give you twice yearly check-ups, two hygiene appointments, 20% discount treatments and many more benefits.

If you require treatment we will give you an estimate for the full cost of the treatment. This may alter as we progress and we will notify you of any changes.

Emergency appointments and out of hours service

We have specific appointment times daily if problems develop, please call the practice as early as possible and we will endeavour to help you on the same day. Outside surgery hours, please call the practice telephone number where an answer phone will give you further instructions for how to access emergency care.

Opening Hours

Monday	9.00am - 6.00pm
Tuesday	8.30am - 6.00pm
Wednesday	8.30am - 5.00pm
Thursday	8.30am - 6.00pm
Friday	9.00am - 1.00pm
